

Algunos arácnidos de la Estación Biológica La Selva, Costa Rica

Theraphosidae:
Stichoplastoris denticulatum

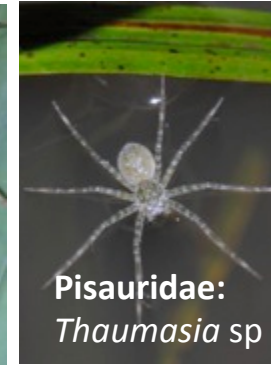

Ctenidae:
Cupiennius getazi

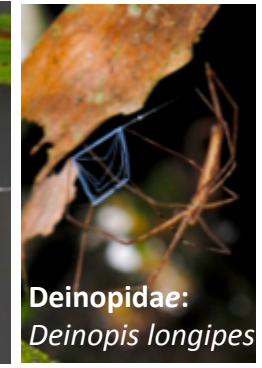

Ctenidae:
Acanthoctenus sp

Sparassidae:
Sparianthina sp

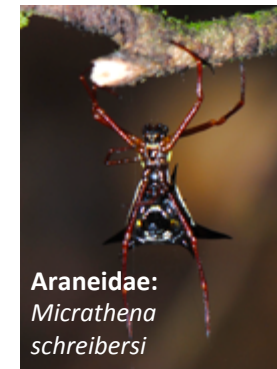

Pisauridae:
Thaumasia sp

Deinopidae:
Deinopis longipes

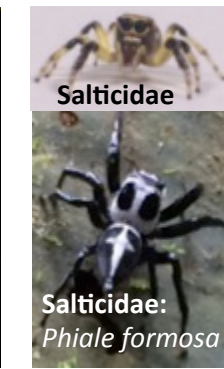

Araneidae:
Eriophora nephiloides

Araneidae:
Micrathena schreibersi

Nephilidae:
Nephila clavipes

Salticidae
Salticidae:
Phiale formosa

Tetragnathidae:
Tetragnatha sp

Tetragnathidae:
Leucauge sp

Buthiidae:
Centruroides limbatus

Amblypygi: Phrynidae:
Phrynus pseudoparvulus

Opiliones: Cosmetidae:
Eucynorta albipustulata

Opiliones: Cosmetidae:
Cynorta marginalis

Opiliones: Sclerosomatidae:
Prionostemma sp

Fotografías y preparación: Ignacio Escalante (nachoescalante@gmail.com) y Darko D. Cotoras (darkocotoras@gmail.com)
Revisado por: Carlos Víquez

Agradecimientos

Carlos de la Rosa y Ronald Vargas (OET, La Selva); Francisco Campos y Barbara Lewis (OET, San José); Bryan Folt (Auburn University), y Linus Günther (Museum für Naturkunde).

Financiamiento

Pilot Research Grant – Organización para Estudios Tropicales (DDC) y Walker Grant - Essig Museum, UC Berkeley (DDC).
